

Sponsorship Opportunities

Every sponsor helps build a brighter future for a family.

Building strength, stability, and reliance through shelter

Habitat-North Central Georgia is a nonprofit, Christian affordable housing ministry that builds affordable homes for purchase and performs critical home repairs for hardworking, low-income families in North Fulton, Forsyth, Cherokee, and Dawson Counties. Habitat keeps costs low for families by using volunteer labor and offering interest-free mortgages

Habitat-NCG programs are open to all people, regardless of race, religion, color, or creed.

Our Vision

A world where everyone has a decent place to live.

Our Mission

Seeking to put God's love into action, Habitat for Humanity brings people together to build homes, communities, and hope.

House Sponsorships

House sponsorships help defray the costs of land acquisition, development, and house construction. A full house sponsorship is \$180,000, but most house sponsors fund a partial sponsorship, starting at \$10,000.

House sponsors usually provide teams of volunteers. Each Habitat-NCG build takes 12-14 weeks, 11 of which require volunteers. Most sponsors prefer Saturday build days, but some weekday volunteer days are available.
